An aerial photograph of a vast, flat landscape covered in a thick layer of snow. Rows of small, bare, deciduous trees are planted in a grid-like pattern across the field. Long, dark shadows are cast by the trees and a person walking in the lower center of the frame. A dark blue rectangular box is overlaid on the left side of the image, containing the text 'Release Plans' in white.

A photograph of a modern glass-clad building at night. The building's facade is composed of large glass panels reflecting the sky and surrounding environment. A prominent horizontal band of light trails, likely from a moving vehicle, stretches across the bottom of the frame. The building's structure includes a series of steps or terraces visible through the glass. The overall scene is illuminated by the building's internal lights and the ambient night light.

# Highlights & Outlook

# Adabas for Mainframe

Highlights  
& Outlook

## October 2021

- User Targets for Replication Target Adapter
- Enhancements for Adabas Auditing
- 64bit replication pool for Event Replicator for Adabas

## October 2022

- Customer Enhancements

# Natural for Mainframe

Highlights  
& Outlook

## October 2022

- Support new function levels on Db2 12
- Long password support for RPC with impersonation
- Dynamic RPC trace
- Roll server enhancements
- Natural statements and error messages improvements

## October 2023

- Supports of 64bit Natural buffer pool
- Support TLS for Attach debug server

# NaturalONE

Highlights  
& Outlook

## October 2021

- Move to Eclipse 4.19 and Java 11
- Support Construct Batch model
- Project Explorer replacement of Navigator View

## October 2022

- Support Construct user exit model
- Natural Engineer perspective
- Improve performance

# Natural for zIIP

Highlights  
& Outlook

**October 2022**

Introduce new zIIP offloading for Natural for Db2.
